

Edenbridge Primary School Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

At Edenbridge Primary School, we are determined that all our pupils, regardless of their background, receive a first class education that gives them the skills, resilience and confidence to build on their successes and make their way in the world.

We work with families and outside agencies to identify possible barriers and carefully plan how we can help minimise the impact of any obstacle in their path to achieving their potential. We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers.

Quality first teaching is paramount as we believe that this has the greatest impact. Good quality CPD and coaching for all teachers ensures a focus on improving outcomes for all pupils with additional support as appropriate. We have identified pupils to target to close the disadvantaged attainment gap and have regular meetings to review and focus on children's progress to ensure that effective strategies are being implemented.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from Reception through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers. This has been particularly evident post lockdowns.
2	Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers.

3	Internal and external (where available) assessments indicate that writing and maths attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils.
4	Our assessments and observations indicate that the education and well-being of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations, especially in writing and maths.
5	The number of families working with social care following lockdowns has significantly increased.
6	Our attendance data over the last 3 years indicates that attendance among disadvantaged pupils has been between X - Y% lower than for non-disadvantaged pupils.
7	The emotional well-being and resilience of vulnerable pupils, as well as that of members of their families has been impacted particularly so over lockdown. We therefore need to identify and increase appropriate support for children and adults including mental health, social and emotional needs.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Children have access to suitable resources and opportunities to embed improved language skills	Consistency of resources used across EYFS/KS1 improved including NELI used across both reception and Year 1; Planned language opportunities Progress of bottom 20% improved
Raise pupils' well-being and readiness to learn	Monitoring the impact of The Nest and The Hive provision Monitoring of children in lessons and their behaviour

	Broaden opportunities to engage with school life through increased trips and clubs
Raise attainment of pupils to reduce gap between PP (not SEND) and non-PP (not SEND) and between PP (SEND) and non-PP (SEND)	PPRs monitor progress. Gap reduced
Pupil to have attendance of at least 95%	Attendance data to show an increase Narrow gap between all pupils and disadvantaged pupils PA to be reduced
Increase parental engagement with school through workshops and parents' evenings	Parents' evenings and workshops have a higher rate of participation. Parents engaging with ClassDojo Parents participating in Support Groups organised by family worker

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Little Wandle phonics was purchased and all teaching staff throughout the school received training on delivering this programme. The phonics results were as follows:

Year 1 – 79%

Year 2 – 92%

These results show that using the Little Wandle programme and resources has significantly benefitted our children and they are making good progress in phonics.

Quality first teaching was supported through all teaching staff receiving coaching and mentoring ECTS.

Improving children's reading including developing their love of reading was reflected in the following results:

Reception – 72% of all children achieved their Early Learning Goal in Reading. 67% of Pupil Premium children.

Year 1 – 4 points progress

Year 2 – 6 points progress

Year 3 – 6 points progress

Year 4 – 7.2 points progress

Year 5 – 6 points progress

Year 6 – 4.9 points progress

Improving children's rates of progress in maths.

Reception – 66% of all children achieved their Early Learning Goal in Maths. 56% of Pupil Premium children.

Year 1 – 3.7 points progress for Pupil Premium children.

Year 2 – 5 points progress for Pupil Premium children.

Year 3 – 6.1 points progress for Pupil Premium children.

Year 4 – 7.1 points progress for Pupil Premium children.

Year 5 – 6.1 points progress for Pupil Premium children.

Year 6 – 5.6 points progress for Pupil Premium children.

The Educational trips lead by teachers that took place during the academic year were as follows:

The British Wildlife Centre (Reception)

Bore Place (Year 1)

Wakehurst Place (Year 1)

South Water Country Park (Year 1)

Knole Park (Year 2)

Bus and Plane Museum - Brooklands (Year 2)
Godstone Farm (Year 2)
Horniman Museum (Year 3)
Pantomime – Stag Theatre (Years 3 and 4)
Drusillas (Year 3)
The Science Museum (Year 4)
Kent Life (Years 4 and 6)
Bewl Water Residential (Years 4 and 5)
The Observatory Science Centre (Year 5)
Fishbourne Roman Palace (Year 5)
Kent Cricket (Year 5)
Chessington (Year 6)
Isle of Wight Residential (Year 6)

These trips have given our children a range of experiences to deepen their interest and knowledge of the wider curriculum.

Additional tutoring took place for Pupil Premium children in the Summer Term in year 5 and 3.

Year 5 children who were PP made the following progress on average:

Maths – 6.4

Reading – 6.1

Writing – 7.4

Year 3 children made 6.3 points progress on average in Maths.

Nurture Staff x 2 accessed the Nurture Training.

74% of the children accessing the Nurture provision were Pupil Premium children.

Weekly counselling took place for six Pupil Premium children. Equine Therapy took place weekly for 12 children.

These therapeutic interventions have supported the children's wellbeing following Covid-19 and ensured that these children are ready to learn back within the classroom. This is evident through the use of the Boxall profiles to assess the children at the beginning and end of the Nurture intervention.

Pupil Premium children had access to a variety of extended clubs including football, gymnastics and dance run by outside specialist providers.

Assessments have been purchased to identify children's gaps in their learning and to enable teachers to complete a thorough gap analysis following standardised assessments in order to target these specific areas and close the gap.
